Key findings Chapter 2: Population and Settlement	3
Key findings Chapter 3: Productivity	4
Key findings Chapter 4: Sustainability	5
Key findings Chapter 5: Liveability	6
Key findings Chapter 6: Governance	7
Chapter 1: Introduction	9
What's new in 2012?	9
Structure of the 2012 report	9
Defining our major cities	10
Other Australian cities.....	11
Geographical boundaries.....	12
Residence	14
Cities within cities	14
Chapter 2: Population and settlement.....	15
Summary indicators.....	15
Key findings.....	16
Population.....	17
National population growth.....	20
Major city population change.....	21
Age structure.....	27
Conclusion	29
Settlement.....	35
Dwelling composition.....	36
Occupancy rates	39
House prices	46
Land and housing supply	53
Social housing provision	57
Rent	59
Conclusion	63

Chapter 3: Productivity	67
Summary indicators.....	68
Key findings.....	68
The national context	70
The production geography of Australian cities.....	73
Transport.....	78
Productivity and transport in cities	93
Conclusion	97
Labour force participation.....	106
Conclusion	122
Chapter 4: Sustainability	135
Summary indicators.....	136
Key findings.....	136
Temperature and rainfall changes	137
Urban surface water quality	149
Sea level rise	152
Climate-related urban perils.....	155
Responses to climate change.....	165
Urban impacts on natural resources in metropolitan fringe regions.....	168
Open space and natural systems sustainability in cities	173
Energy.....	184
Conclusion	196
Chapter 5: Liveability	203
Summary indicators for liveability	204
Key findings.....	204
Measuring liveability.....	205
Cities for people of all ages and abilities.....	218
Inequality.....	226
Healthy living	229
Safety.....	235
Affordable living	242
Accessibility.....	250
Amenity	263
Community wellbeing	267
Conclusion	271

Chapter 6: Governance	279
Key findings.....	279
National Urban Policy Implementation.....	280
COAG Cities Agenda.....	280
Nation Building Program.....	285
