TO WHOM IT MAY CONCERN

Yarra Ranges Council is currently progressing towards submitting a planning permit application for the Belgrave Health Hub at 1616-1624 Burwood Highway Belgrave. We anticipate submitting this application in March 2015, with the permit being issued in June 2015. The project is anticipated to be completed by late 2017.

We don't believe the planning application process will prevent us from commencing the project within six months of signing the grant agreement with the Department of Infrastructure and Regional Development.

Should you have any further queries, please do not hesitate to contact Bronwyn Saffron, Executive Officer Family & Children's Services on (03) 9294 6155.

Yours Sincerely

Ali Wastie
Director Social & Economic Development
